

This Tale of a Princess,  
These memories of beauty

Amazingly our little girl, so fragile at heart,  
Loving everything so deeply.  
The slightest sign of displeasure,  
made our little woman feel upset..  
Adorable and love for anyone

She was such a brute.  
Able to withstand any challenge  
She wasn't afraid to get hurt.  
When gravity became too much,  
and the wind blowing just right,  
Our Princess would lose her footing.  
Falling just as gracefully as a Princess could be.

A little pause to understand what happened,  
then coming to you for reassurance.  
Most times wanting you to help dust her off.  
She would say "I okay" Smiling so bright,  
giving back the same task she entrusted us with.  
Wanting to attempt till she got it..  
Making sure nothing was left undone.  
Smaller than average items all became "Baby size"  
The world was such an exciting place for her.  
Everything offers amusement.

Always wanting to try something new.  
An everlasting drive to learn  
So outgoing, saying hi to people, waving.  
With or without her marvelous dresses,  
she would wave of a Princess.

So proud to show who she is truly.  
Telling her story of a Princess dress.  
Emotions of approval over everyone seeing her she would pose..
