One night a man had a dream. He dreamed he was walking
along the beach with the Lord. Across the sky flashed scenes from
his life. For each scene he noticed two sets of footprints in the

sand: one belonging to him, and the other to the Lord.

When the last scene of his life flashed before him, he looked back
at the footprints in the sand. He noticed that many times along the
path of his life there was only one set of footprints. He also noticed
that it happened at the very lowest and saddest times in his life.

This really bothered him and he questioned the Lord about it:

"Lord, you said that once I decided to follow you,
you'd walk with me all the way. But I have noticed that during the
most troublesome times in my life, there is only one set of
footprints. I don't understand why when I needed you most
you would leave me,"

The Lord replied, "My son, my precious child, I LOVE YOU
and I would never leave you. During your times of trial and
suffering when you see only one set of footprints.

It was then that I carried you."
