### **The Farmer's Creed**

We believe a person's greatest possession is their dignity and that no calling bestows this more abundantly than farming.

We believe hard work and honest sweat are the building blocks of a person's character.

We believe that farming, despite its hardships and disappointments, is the most honest and honorable way a person can spend their days on this earth.

We believe that by our toil we are giving more to the world than we are taking from it, an honor that does not come to all people.

We believe when persons grow old and sum up their days, they should be able to stand tall and feel pride in the life they have lived.

We believe in farming because it makes all this possible.
